# An Idyllic VILLAGE Lifestyle

We all dream of living the good life in a picture perfect village – clean air, rolling countryside, a close-knit community, perhaps a river flowing by.

But at the same time we recognise the advantages of living close to a major town, including a range of shops and services, good public transport links, employment prospects and plenty of entertainment opportunities.

Well good news, our Hartford developments have all this – and more, offering village life at its finest with a wide variety of traditional looking, new homes on offer.

# The Redrow Heritage Collections in Hartford

Nestled in the Cheshire countryside just outside Northwich, in a beautiful area formerly known as Vale Royal, the popular village of Hartford offers excellent local facilities together with the charm of village life.

Where better to make your new home than here - in the heart of Cheshire? And who better to build your new home than Redrow with an obsession for detail, commitment to craftsmanship, and an unrivalled reputation for creating amazing homes that people love living in.

Inspired by the 'Arts & Crafts' movement, Redrow's Heritage Collection homes offer a combination of the very best traditional values and modern living, blending superb external architecture and open plan, family-friendly interiors.

Just as the Arts and Crafts era grew from the desire to bring back the skill and creativity of the individual craftsman and revive the simplicity and honesty in the way buildings and furnishings were made, Redrow has set out to reintroduce a high degree of individuality to the way our homes look and feel. External features which typify the era have been reproduced which means Redrow homes have the familiar look and external character of older period-style properties but everything is brand new.
